SEBO WOOL LOOP CARE

When you get your SEBO Felix Premium Upright* or SEBO E3 Premium Barrel* vacuum cleaner:

- Insert the optional Delicate Brush Roller (Green 5010GE) into the powerhead.

- Adjust the brush roller height setting dial to level 4, the highest level.

- Simply switch the brush roller 'off' for 'suction only' cleaning. Orange^ = Off

- Simply switch the brush roller 'on' for powerhead cleaning. Green = On
